

General Information about your Policy

Some words and phrases in **your policy** are highlighted in bold print. Where these words or phrases appear in **bold** they shall only have the specific meaning given in the Definitions section.

This policy is part of **your** insurance contract together with **your policy** schedule and any email confirmation, and these should be read as one document.

Statement of demands and needs

This product is intended to fulfil the requirements of individuals who wish to insure the specific risks faced by horse owners, including coverage against financial loss from the demise of the horse, or loss of use of the horse, and/or veterinary fee charges for care of the horse.

This statement does not form part of the Terms & Conditions of **your policy**.

Your duty to give information

When applying for, amending or renewing **your** insurance **policy**, **we** will ask **you** a number of questions designed to enable **us** to assess **your horse** prior to agreeing to provide insurance coverage for **you**. It is **your** duty to ensure that **you** answer all of **our** questions honestly and reasonably.

The questions **we** will ask **you** are designed to enable **us** to obtain a comprehensive picture of the nature of the risk to be insured; only by asking such questions, and receiving answers which are given honestly and with reasonable care, are **we** in a position to offer terms which are designed to meet **your** demands and needs.

If **you** do not provide some or all of the documentation or information that **we** request as part of the assessment of the proposed risk until after the date **your policy** starts, **we** reserve the right to apply additional exclusions to **your policy**, or amend **your** coverage. Any such exclusions or amendments applied will have an effective date the same as the start date of **your policy**.

The reason why **you** must honestly and correctly respond to **our** questions is that if **you** fail to tell **us** some information **we** ask for, or if **you** answer carelessly or act deliberately or recklessly in making misrepresentations when answering questions, **your policy** may be cancelled or suspended and leave **you** with no insurance protection, or **we** may not pay all or a part of **your** claim.

If it is found that **you** did not tell **us** everything when asked, **you** may find it difficult to arrange other insurance coverage because **you** will be legally obligated to disclose **your** misrepresentation(s) and/or non-disclosure when **you** apply for insurance with another company.

KBIS Ltd Horse Insurance Terms & Conditions

If **you** make a claim under this insurance **policy**, **we**, the Insurer, will pay any sums due in respect of **your** claim within a reasonable time. If, in the event of an **incident** affecting the **horse**, **your** **veterinary surgeon** and **our** **veterinary surgeon** cannot reach agreement the case will be referred for examination by an independent **veterinary surgeon** mutually agreed upon by both sides, who will act as Arbitrator in the dispute.

The Arbitrator's decision will be binding on both **you** and **us**, and the cost for their services will be shared equally between **you**

and **us**.

Restriction of Policy Coverage – 450-Day Extension Clause

The maximum period of coverage for any claim under Section 1 – Death, Theft & Straying, and Section 2 – Permanent Loss of Use, and Section 3 – Veterinary Fees of **your policy** is 450 days (approximately 15 months) from the date of the **incident** suffered by **your horse**. The coverage afforded under this Extension Clause is subject to the terms and conditions of **Your Policy** and any Exclusions noted on **Your certificate**.

Restriction of Policy Coverage – Limited Period Clause

The limited period begins at 12:01 a.m. of the date noted in **your certificate** and ends at 11:59 p.m. on the last day of the period noted in **your certificate**.

When **your policy** begins or when a **horse** is added to an existing **policy** the sections detailed below will be limited to claims arising from **AEIO** and/or **colic surgery**:

Your policy will have an automatic limited period of 45 days unless:

All the requirements in either 1 or 2 above must be satisfied in order for the limited period to be reduced. In addition, these requirements constitute the minimum required information and **you** may have to supply additional documentation depending on the type and level of coverage purchased; the veterinary history of the **horse**, or; **our** assessment of the risk presented by the proposed **horse(s)**. If additional information is required **you** will be advised on the Quote letter and/or Temporary Cover **certificate**.

Your policy provides insurance coverage while the **horse** is:

- 1 in the United Kingdom, Channel Islands, or Isle of Man ; and
- 2 with **our** prior agreement, while temporarily resident outside this region, including transportation to and from the temporary residence, but not exceeding 90 days at any one time.

Conditions applicable to Section 1a Death – Emergency Euthanasia

All of the following Conditions must be satisfied in order for a claim to be paid under this section:

If any or all of the above Conditions are not satisfied **we** will not pay **your** claim.

- c it must not be possible to retire the **horse** to an environment allowing for a reasonable quality of life on a safe dosage of **medication** (if there is a dispute about what constitutes 'a reasonable quality of life', or 'a safe dosage of **medication**' the Arbitration Clause will be invoked); and
- d following the **euthanasia** procedure **you** must, at **your** own expense, obtain a **post mortem** report, unless **we** have agreed that this condition can be waived.
- e **you** must submit a completed claim form, detailed veterinary reports and **post mortem** report to **us**.

If any or all of the above Conditions are not satisfied **we** will not pay **your** claim.

Exclusions applicable to Section 1b Death – Non-Emergency Euthanasia

- 1 Any claim which was not advised to **us** prior to **euthanasia** of the **horse** being performed.
- 2 Any claim where **euthanasia** is carried out on the **horse** for economic reasons.

It is understood by **us** that there will be times that **you** and **your veterinary surgeon** choose to perform **euthanasia** on a **horse** for reasons of loss of ability or on economic grounds. **We** accept that this is a decision for **you** to make, but if the circumstances of the **euthanasia** of the **horse** do not meet the strict criteria of this section, **we** will not pay **your** claim.

Section 1c Death – All Other Cases

In the event that the **horse** dies or is found dead due to unknown and unforeseen circumstances during the **period of insurance**, **we** will pay the **market value** of the **horse**, not exceeding the **sum insured** stated on **your certificate**. **You** must notify **us** of the loss of **your horse** in accordance with Condition 6 of the General Policy Conditions.

- 4 **Your policy** does not cover death directly or indirectly caused, or wholly or partially contributed to, by castration or spaying of the **horse** unless **we** are advised before the castration or spaying operation is carried out.

Section 1d – Loss by Theft or Straying

In the event that **your horse** is stolen or strays during the **period of insurance**, **we** will pay the **market value** of the **horse**, not exceeding the **sum insured** stated on **your certificate**. **You** must notify **us** of the loss of **your horse** in accordance with Condition

6 of the General Policy Conditions if:

- a **your horse** is lost or stolen and cannot be found; or
- b **your horse** dies as a result of the reported theft or straying.

If, following a proven theft, the **horse** is recovered and has been castrated, spayed or otherwise neutered or sterilised while not in **your** care, custody or control, **we** will pay the amount by which **your horse's market value** has reduced as a result of the castration, spaying, neutering or sterilisation.

Conditions applicable to Section 1d – Loss by Theft or Straying

- 1 In order to claim under this section, **you** must have suffered no thefts, attempted thefts or threats of any nature against **you**, or the **horse** or any other horses **you** own during the twelve months immediately prior to the start of the **period of insurance**.
- 2 **We** will not pay **your** claim for the loss of **your horse** by theft or unlawful removal until 90 days after the loss is reported to **us** and then only in the event that **horse** has not been recovered during that period.
- 3 **We** will not pay **your** claim for the loss of **your horse** by straying until 90 days after the loss is reported to **us** and then only in the event that the **horse** has not been recovered during that period.
- 4 **You** must, as soon as possible, report any theft or disappearance of the **horse** to the police and **you** must follow their recommendations strictly, except that under no circumstances whatsoever may **you** pay, agree to pay, or promise to pay a ransom, bribe or payoff, or give similar assurance of such nature to any person. Should **you** pay, agree to pay, or promise to pay a ransom, bribe or payoff, or give similar assurances of such nature to any person, all insurance coverage under **your policy** will stop from midnight on the day before the payment, agreement to pay, or promise to pay or similar assurance was given.
- 5 In the event of a loss under this **policy**, **we** will not pay more than the **market value** of **your horse** at the time of the loss, but in any event this will not exceed the **sum insured** stated on the **certificate**.
- 6 If a claim is paid under this section of the **policy**, and the **horse** is subsequently recovered, **we** have the right, if **we** so elect, to take ownership of the **horse**. If **we** do not elect to take ownership of the **horse**, **you** must return the amount paid in settlement of **your** claim and retain possession of the **horse**.
- 7 If a claim is paid under this section of the policy and the horse is subsequently recovered, and **we** do not elect to take ownership of the **horse**, there can be no abandonment of the **horse** to **us**.
- 8 In the case that the **horse** is a mare, no insurance coverage is given under this section for any embryo within the **horse** or any of her foals, unless such embryo or foal is insured separately under this **policy**.

Additional Coverage under Section 1d – Loss by Theft or Straying

- 1 **We** will pay a maximum of £200 per **period of insurance** to reimburse **you** for the cost of advertising the loss or theft and/or the payment of a reward which leads to recovery of the **horse**.
- 2 **We** will pay a maximum of £600 per **period of insurance** to reimburse **you** for the hire of a replacement horse for a period of 180 days from the date of loss following the proven theft of the **horse**.

Exclusions applicable to Section 1d – Loss by Theft or Straying

- 1 **We** will not pay a claim for any incident of theft or straying where the loss occurs during the first 45 days of the **period of insurance** of **your policy**.

Optional Coverage Sections – the sections listed below are only included in **your policy** if they are shown on **your certificate**

Section 2 – Permanent Loss of Use

In the event that, in the opinion of both **your veterinary surgeon** and **our veterinary surgeon**, during the **period of insurance**, by reason of either an **incident** or an **AEIO**, **your horse** becomes, either immediately or within the 450-day **extension period**, permanently incapable of fulfilling the use for which it is vetted and insured, as declared in **your** Proposal Form and noted on the **certificate**, but, in the opinion of both **your veterinary surgeon** and **our veterinary surgeon**, its condition does not meet the criteria for **euthanasia** under either Section 1a Death – Emergency Euthanasia, or 1b Death – Non-Emergency Euthanasia, **we** will pay either the percentage of the **sum insured** stated on **your certificate** or that stated percentage of the **horse's market value**, whichever is the lesser amount.

If this optional section is included in **your** insurance coverage, it will be indicated on **your certificate** as either Section 2a – Permanent Loss of Use due to an incident, or Section 2b – Permanent Loss of Use due to AEIO. The difference between these coverage options is detailed below:

Section 2a – Permanent Loss of Use due to an **incident**

If, during the **period of insurance**, **your horse** suffers an **incident** such that its condition, either immediately or within the 450-day **extension period** renders it permanently incapable of fulfilling the use for which it is vetted and insured, as declared in **your** Proposal Form and noted on the **certificate** but, in the opinion of both **your veterinary surgeon** and **our veterinary surgeon**, its condition does not meet the criteria for **euthanasia** under either Section 1a Death – Emergency Euthanasia, or 1b Death – Non-Emergency Euthanasia, **we** will pay either the percentage of the **sum insured** stated on **your certificate** or that percentage of the **horse’s market value**, whichever is the lesser amount.

Section 2b – Permanent Loss of Use due to **AEIO**

If, during the **period of insurance**, **your horse** suffers an **AEIO** such that its condition, either immediately or within the 450-day **extension period** renders it permanently incapable of fulfilling the use for which it is vetted and insured, as declared in **your** Proposal Form and noted on the **certificate** but, in the opinion of both **your veterinary surgeon** and **our veterinary surgeon**, its condition does not meet the criteria for **euthanasia** under either **Section 1a Death – Emergency Euthanasia**, or **1b Death – Non-Emergency Euthanasia**, **we** will pay either the percentage of the **sum insured** stated on **your certificate** or that percentage of the **horse’s market value**, whichever is the lesser amount.

Conditions applicable to Section 2a – Permanent Loss of Use due to an **incident** and Section 2b – Permanent Loss of Use due to **AEIO**

- 1 **Our veterinary surgeon** may require that the **horse** be assessed from a rider’s perspective by a professional rider to be mutually agreed on between **you** and **us** to determine the significance of the condition.
- 2 Subject to an agreed Permanent Loss of Use claim **you** may keep the **horse**. In this case **we** will make a deduction from the claim amount equal to the residual value of the **horse**, not exceeding the **sum insured** stated on the **certificate**. The residual value is negotiable but subject to a minimum of 10% of the percentage of the **sum insured** stated on **your certificate** or that percentage of the **horse’s market value**, whichever is the lesser amount.
- 3 If the **horse** is a stallion or mare kept with the intention of using it for breeding purposes the claim amount will reflect the **horse’s** residual value for stud duties, and **we** will only pay the difference between the residual value of the animal and the percentage of the **sum insured** stated on **your certificate** or that percentage of the **horse’s market value**, whichever is the lesser amount.
- 4 In the event that you elect to invoke either Condition 2 or Condition 3 of this section, before any claim payment is made to **you** the **horse** must be freeze-marked with the loss of use mark, at **our** expense, to reflect the fact that it has been the subject of a claim under this section.
- 5 If **you** elect not to keep the **horse** following an agreed Permanent Loss of Use claim, **we** reserve the right to take possession of the **horse**.
- 6 Any **incident** or **AEIO** suffered by the **horse** must be advised to **us** in accordance with Condition 6 of the General Policy Conditions.
- 7 If there is disagreement between **your veterinary surgeon** and **our veterinary surgeon** over the incapacity of the **horse** the Arbitration Clause will be invoked.
- 8 In the event that the **horse** sustains an **incident** or an **AEIO** during the **period of insurance** and its condition does not manifest itself as a permanent incapacity until after the **period of insurance** has expired, claims will be recoverable under the **extension period** providing that:
 - a the permanence of the incapacity is agreed upon by both **your veterinary surgeon** and **our veterinary surgeon** (or, in the case of a disagreement between them, by the Arbitrator as per Condition 7 above); and
 - b **euthanasia** or freeze-marking, per Condition 4 above, of the **horse** occurs no more than 15 months from the date of the **incident** or the **AEIO**.
- 9 Determination of the **horse’s** value for the purposes of this section are based on the **market value** of the **horse** at the time of the **incident** or the **AEIO**, not at the time it is agreed that the **horse** is permanently incapable of fulfilling the use for which it is vetted and insured, but in any event we will not pay more than the declared percentage of the **sum insured** for Section 2 – Permanent Loss of Use stated on **your certificate**.
- 10 You must contact KBIS to notify of your intention to euthanase the **horse**. You must not euthanase the horse before KBIS has agreed. If you do not obtain agreement a claim may not be paid.

Exclusions applicable to Section 2a – Permanent Loss of Use due to an incident and Section 2b – Permanent Loss of Use due to **AEIO**

These sections do not cover any claim for permanent loss of use arising:

- 1 As a result of blemishing.
- 2 Due to the **horse's** inability to breed.
- 3 As a result of the **horse** being barred from participating in competition due to the regulations laid down by any breed society or competitive body or association in respect of wind conditions and/or having been operated on for such conditions.
- 4 For loss of value, lack of ability, or lack of suitability.
- 5 For behavioural problems.

Exclusions applicable to Section 2b – Permanent Loss of Use due to AEIO only

This section does not cover any claim for tendinosis/tendinitis, tenosynovitis, avulsions, strains, sprains, tears or ruptures of tendons and/or ligaments which are not caused by an **AEIO**.

Section 3 – Veterinary Fees

In the event that, during the **period of insurance**, **your horse** suffers an **incident**, **we** will pay the **veterinary fees** incurred by **you** for treatment of the illness, disease, lameness, or injury by a **veterinary surgeon**, up to the limit stated in your **certificate** for each **incident** or **foaling risk** suffered by the **horse** during the **period of insurance**.

Each **incident** or **foaling risk** must have been advised to **us** within the **period of insurance**, in accordance with Condition 6 of the General Policy Conditions. Claim acceptance and payments are subject to the receipt of detailed invoices from the **veterinary surgeon**, showing diagnosis of the condition(s) or injury(s) suffered; details of the consultation; details of any **medication** or other treatment prescribed, and; mileage travelled by the **veterinary surgeon** where appropriate.

Conditions applicable to Section 3 – Veterinary Fees

- 1 A claim for **equine gastric ulcer syndrome** and/or **equine gastric glandular disease** will only be considered when **your horse** is exhibiting clinical symptoms of these conditions.
- 2 If the **horse** is exhibiting clinical symptoms of **equine gastric ulcer syndrome**, and is diagnosed as suffering with gastric ulceration at Grade 2 or above (on the **EGUS** Lesion Scoring System (LSS) published by the Equine Gastric Ulcer Council) by gastroscopic examination, its condition must be reassessed by gastroscopic examination at 90-day intervals. If, at any reassessment, the gastric ulceration is found to have resolved below Grade 2 on the LSS, all coverage under this Section will cease.
- 3 If your **horse** is diagnosed with **equine gastric glandular disease** the lesions must be accurately described in the nature and position and monitored by gastroscope every 90 days. If at any reassessment the lesions have resolved, all coverage under this section will cease.
- 4 If the **horse** is exhibiting clinical symptoms of **equine gastric ulcer syndrome** and/or **equine gastric glandular disease** and **your veterinary surgeon** recommends a short-term treatment protocol as a preferred diagnostic procedure over gastroscopy for reasons inherent in the **horse**, **we** will pay for proton pump inhibitor **medication** for a maximum of 14 days without requiring a gastroscopic evaluation.

Exclusions applicable to Section 3 – Veterinary Fees

This Section does not cover:

- 1 The **excess** for this Section, as stated on your **certificate**.
- 2 **Veterinary fees** incurred for any **diagnostic imaging** procedure repeated for any reason at a second or referral veterinary clinic if the procedure has previously been performed on the **horse** by another **veterinary surgeon** in relation to the **incident** claimed for.
- 3 **Veterinary fees** incurred in connection with elective, preventative or routine treatments or procedures including, but not limited to:
 - a inoculations or vaccinations;
 - b dentistry; or
 - c spaying or castration.
- 4 **Veterinary fees** incurred in connection with:
 - a hereditary or congenital complaints; or
 - b behavioural problems; or

- c known vices e.g. crib biting, wind sucking, or weaving; or

- 5 Any costs incurred for **euthanasia** of the **horse**, the **post mortem**, or carcass **disposal**.
 - 6 Care/management fees, livery expenses or transportation costs.
 - 7 **Veterinary fees** arising out of any **incident** or **foaling risk** occurring within the Limited Period other than those caused by **AEIO**.
 - 8 **Veterinary fees** for any **incident** not advised during the **period of insurance**.
 - 9 Any invoices submitted any later than three months from the expiry of the **extension period**.
 - 10 **Veterinary fees** following the expiry of the **extension period**.
 - 11 **Complementary treatment** or **hospitalisation** costs unless expressly included on the **certificate**.
 - 12 Thermography, unless carried out by a **veterinary surgeon**.
 - 13 Any costs incurred for preparing reports or claim forms.
 - 14 Any costs incurred for buying or hiring therapeutic or veterinary equipment or machinery including, but not limited to, rugs, face masks, steamers, nebulizers, and/or boots.
 - 15 Any costs of treatment for **equine gastric ulcer syndrome** and/or **equine gastric glandular disease**, unless diagnosed by gastroscopic examination (other than as detailed in Conditions applicable to Section 3 – Veterinary Fees above).
 - 16 The cost of treatment for **equine gastric ulcer syndrome** in the **horse** if the severity of the condition is found to be below Grade 2 on the **EGUS LSS** on gastroscopic examination.
 - 17 Any cost for preventative treatment of **equine gastric ulcer syndrome** and/or **equine gastric glandular disease**, including, but not limited to, nutraceuticals or feed additives, if, at any gastroscopic reassessment, the equine gastric ulceration is found to have resolved below Grade 2 on the LSS or the **equine gastric glandular disease** has resolved.
